## Access to Refractive Eye Surgery Procedures

The Laser Vision Network of America (LVNA), a nationwide network servicing OptumHealth Vision members, is comprised of more than 300 laser vision providers. The network was established in 1999 and offers the most extensive geographic coverage in the U.S. We currently serve over 75 million members through some of the largest health and vision insurers in the industry.

- All surgeons are credentialed to NCQA recommended standards ensuring the highest quality in patient care.
- By combining LasikPlus Vision Centers with independent surgeons, members have the broadest choice of laser technology in the industry.
- Our call center is staffed exclusively with LASIK trained representatives available to assist you 7 days a week.

As a participating provider in this panel, our surgeons make laser vision correction more available and affordable to millions of potential patients. Members and dependents are entitled to one of the following discounts not available to the general public:

- **15% off “Standard” or “Usual & Customary” Price**  
- or -
- **5% off any Promotional Price**

Not only are members given a meaningful discount, but that discount is applied to prices that are below the national average. See comparison below:

*Average Prices for LASIK:*

- National = \$1,700 per eye
- LVNA = \$1,560 per eye (prior to discount)
- LasikPlus Vision Centers, which are part of the LVNA = \$1,300 per eye (prior to discount)
